

2009 Kac Lecture Series

March 9-11, 2009

Guest Lecturer

Professor James S. Langer

Department of Physics
University of California, Santa Barbara

Lecture Schedule

Monday, March 9, 2009; 1:00-2:00
Physics Auditorium (TA-3, Bldg 215, Rm 182)
Mechanical Deformation of Glassy Solids: Why Structural Engineers Need New Ideas in Nonequilibrium Physics

Tuesday, March 10, 2009; 1:00-2:00
CNLS Conference Room (TA-3, Bldg 1690)
The Mysterious Glass Transition

Wednesday, March 11, 2009; 10:00-11:00
CNLS Conference Room (TA-3, Bldg 1690)
What is the Temperature of a Deforming Glass?
